Dear Shri Doshi,

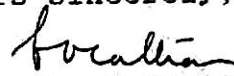

I am writing to place on record our appreciation of the role played by your company in providing timely and appropriate assistance for controlling the major oil tank fire which broke out in Sri Lanka on 20/21 October, '95.

2. The material and equipment supplied by your company, including AFFF Foam Compound, Aqua Foam long range monitor with nozzles of various capacities, multi-purpose skid and other accessories, were highly appreciated by the Sri Lankan authorities, including the Ceylon Petroleum Corporation. They were also appreciative of the expert advice and guidance given by the technical team which accompanied the equipment supplied.

3. As you would be aware, the Prime Minister of Sri Lanka has thanked India for the timely assistance provided in the recent crisis at the oil installations in Colombo. No doubt, your company has played a substantial role in making our assistance possible and effective.

With regards,

Yours sincerely,

  
(Ranjan Mathai)
